

NAME _____ DATE _____

Use the chart below to identify stakeholders and detail their viewpoints as they relate to your community issue. Finally, propose solutions that will satisfy the needs of two or more stakeholder groups.

Stakeholder	What does the stakeholder need or want?	In what ways does the stakeholder agree with the others?	In what ways does the stakeholder disagree with others?
What solutions would you propose?			

I LOVE MY
GREEN JOB

CAREER CORNER

Conflicts like the Morris Woods debate may be addressed with the help of **ENVIRONMENTAL LAWYERS**, who specialize in legal matters concerning the environment. They represent different stakeholders, ensure that environmental laws are respected, and lobby for balanced environmental regulations.
